LCD RECONSIDERATION REQUEST INFORMATION

The following fields must be completed in order for a LCD reconsideration request to be considered valid. Please include additional documentation if you exceed the character limit.

What specific coverage or non-coverage language are you requesting to be added or deleted from the LCD?

All available evidence, as well as all related FDA approval correspondence, marketing designations, decision summaries pertinent to the product or service, 510(k)/PMA/De Novo notifications, SSED data sheet, FDA Panel Minutes and Post-Approval Study Result/Outcome Submissions must be submitted.

Submitted literature and references should be limited to published, full-text, peer-reviewed evidence, indexed in PubMed of the US National Library of Medicine, National Institutes of Health. The failure to include the specific literature with the request will render the LCD request invalid.

The level of evidence required for LCD reconsideration is the same as that required for new/revised LCD development (see *Program Integrity Manual*, Chapter 13, <https://www.cms.gov/Regulations-and-guidance/Guidance/Manuals/Downloads/pim83c13.pdf>).

Note - Requests will not be accepted for other documents including:

- National Coverage Determinations (NCDs);
- Coverage provisions in interpretive manuals;
- Proposed LCDs;
- Template LCDs, unless or until they are adopted by the contractor;
- Retired LCDs;
- Individual claim determinations;
- Bulletins, articles, training materials; and
- Any instance in which no LCD exists, i.e., requests for development of an LCD.
